

Dear Adoptive Parents,

I trust that your parenting experience so far is everything that you anticipated. Adoption Network Law Center is proud of the many successful adoptions in which we participate. In our ongoing quest to bring the same joy that you have experienced to other families, we are reviewing testimonial letters and preparing new promotional materials including a new video to help educate others on the adoption process.

With your permission, we would like to use your testimonial letter(s), your photograph(s) and any likeness in our promotional, advertising and marketing materials.

Sincerely,

Christopher Neiswonger,
Legal Assistant

Adoption Network Law Center has my/our permission to provide any/all testimonial letter(s), photo(s), videos or likenesses for promotional, advertising, educational and or marketing purposes to prospective adoptive parent(s) and birthparent(s).
